Overdose reversal medication (naloxone/Narcan) is available by prescription for **ANYONE** concerned about someone's overdose risk. Ask your doctor or pharmacist about a prescription or visit **anyoneanytimenh.org** for a list of community health centers with free naloxone for patients and loved ones.

Recovery is possible. Talk to your doctor, visit **nhtreatment.org**, or **call 211** to find an outpatient counselor for an assessment.

Community and family support groups are also available at **nhtreatment.org** under the Resources tab.

**For resources and services, visit [nhtreatment.org](http://nhtreatment.org) or call 211**

Can experience addiction  
Can ask for help  
Can recover  
Can save a life
