Any New Hampshire resident can buy Narcan at an over-the-counter pharmacy with standing orders that sells the medication without a prescription. Any physician may write a prescription for Narcan, whether or not you are his or her patient. You don’t need to say you need the medication for yourself or a loved one, and you may ask for more than one script.

The map above shows some of the pharmacies with standing orders in the state. Always call your pharmacy in advance to make sure it has the medication in stock.

What to do in the event of an OVERDOSE

1. CALL 911

2. IDENTIFY opioid overdose
   CHECK for response
   Ask person if he or she is ok and shout name
   If there is no response, start rescue breathing.
   Use rubber gloves and a face mask, if available.

3. Give NARCAN (Naloxone)

4. EVALUATE and SUPPORT
   Move the person on their side (recovery position).
   Wait for Emergency Services to arrive.

   - Watch the person closely. If they do not respond within 3 minutes, administer naloxone again.
